CUSTOM MANUFACTURING AND INSTALLATION

TRANSPORT SOLUTIONS CHI-20

CHI-20RS

Storage and Transportation system for your Chiavari stackable chairs. Store and transport your chairs to the event. Cart is narrow enough to go up most ramps.

- Chairs are secured to the cart with a sliding chair restraint that secures 1-5 chairs in each stack.
- Cart holds 20 chairs with or without covers
- Stacks of chairs are supported under the seats to prevent damage to legs

Stackable version eliminates the need for costly pallet racks. No more double handling chairs. Carts can be unstacked and rolled into the truck and rolled off at the event site without handling the chairs. Forklift pockets are included securing the cart to the forks. The stackable cart can be stacked two high with starter blocks.

- 2" x 2" 14 gauge square Tube Frame
- 1.25" 14 Gauge tube handle
- Standard 6" Casters
- Optional 6" Locking casters
- Black Powder coat Finish

Model	Dimensions (W x L x H)	Wght	Capacity
CHI-20R	27" x 78" x 75"	192 lbs	Up to 20 Chairs
